

LOG IN INFORMATION

The online Preliminary Application and related tools, forms, and documentation can be accessed on the WVIJDC website at: www.wvinfrastructure.com.

After completing the required training certification, a user account will be created and the Team Member will be granted user access to the system. At the discretion of IJDC, there may be future training required in order to keep your user account active.

The screenshot shows the 'Project Dashboard Login' page. At the top, there is a navigation bar with links for Home, Contact Us, Site Map, and Project Dashboard. Below this is the West Virginia Infrastructure & Jobs Development Council logo and contact information. A secondary navigation bar includes links for About Us, Structure, Calendar, Projects, Knowledge Center, and FAQ. The main content area is titled 'Project Dashboard Login' and contains the instruction: 'Sign in below to access your project related materials and information.' The login form has a Username field with 'Administrator' entered (marked with a red circle 1), a Password field with masked characters (marked with a red circle 2), and a Login button (marked with a red circle 3) and a Cancel button. There are also links for 'Login Help' and 'Forgot Password'.

1. Enter **Username**. Your username will be included in the email you receive after successfully completing training.
2. Enter **Password**. Your password will be included in the email you receive after successfully completing training.
3. Click **Login**.

In order to access the Project Dashboard, project Team Members must have successfully completed the training certification.
